

No.667

Double-sided Outdoor Electric Poster Screen

2000 cd/m² High Brightness

Adopts a commercial-grade high-brightness display panel. With 2000 nits of brightness, the screen remains clear and vivid even under direct outdoor sunlight—no glare or washed-out colors, ensuring advertising content is easily visible.

Outdoor All-Weather Protection

Inherits the outdoor series' core advantages: waterproof, dustproof, corrosion-resistant, and high-temperature resistant. The fully sealed housing blocks all airborne particles and is not affected by wet weather (e.g., rain, fog), greatly expanding applicable outdoor scenarios.

Electric Tilt Adjustment

Independently developed one-click screen angle adjustment function. Adjust the viewing angle freely according to the venue (e.g., malls, squares), ensuring a more comfortable viewing experience for audiences from multiple angles.

Double-Sided Efficiency

Dual-sided HD display, maximizing advertising coverage in high-traffic areas.

Ultra-Low Power Consumption

Adopts self-developed low-power display module, extending battery life and overall machine service life.

Real-Time Battery Level Indicator

Convenient visual indicator: real-time remaining battery for at-a-glance power check, preventing unexpected shutdowns.

Integrated Functional Pedestal

Base has 4 USB ports, pull-out battery compartment, charging port, real-time battery indicator, power switch, Wi-Fi module and mobile wheels. All interfaces hidden—boosting waterproofing, usability and mobility.

Stereo Waterproof Speakers

Equipped with ultra-heavy subwoofers and stereo speakers, metal brushed + piano finish (aesthetic, IP55 waterproof) and clear, loud sound for open outdoor scenes.

Ultra-Long Battery Endurance

Powered by a new ternary lithium battery (120Ah, 3024Wh): over 12h continuous runtime at room temperature, only 10% reduction, meeting all-day outdoor needs.

Product Advantages

All-New Electric Tilt Function! One-click angle adjustment—easily adapts to even the most complex outdoor venues, convenient and flexible!

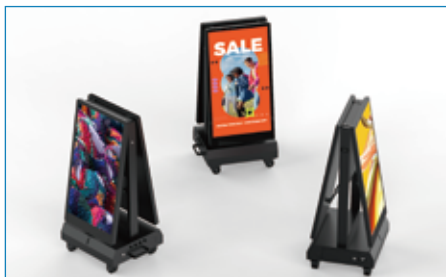

Product Features

2000 cd/m² High Brightness

Built for the outdoors – fully sunlight-readable, plus a clear, vivid display that brings every detail to life!

Dual-sided display screen

Dual-Sided HD Bright Screens: 16.7M colors, 178° view. Perfect for malls, plazas; no hassle with multi-angle viewing!

One-Click Electric Tilt

Device has electric adjustment! One-click screen tilt—works for wide or narrow spaces, fitting more scenarios!

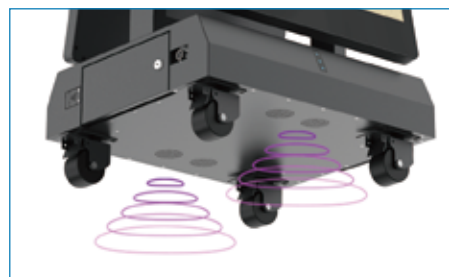

Multifunctional base

It integrates 4 USB ports, a battery compartment, a charging interface, brightness adjustment sensor, power display, switch, WiFi module, wheels, etc.

CATL Long-Life Battery

120AH capacity, 12-hour runtime, and low-temperature tolerance – long-lasting, all-condition reliability!

Waterproof Stereo Sound

Outdoor-exclusive Waterproof 3D Audio! Great sound, sleek look, splash/moisture-resistant perfect for all your outdoor audio needs!

Specifications

Model			No.667	
Panel	Display Size(inch)		43"	55"
	Resolution		1920x1080	1920x1080
	Active Display Area(mm)		527.0(H)X939.0(V)	680.0 (H)x 1209.0(V)
	Aspect Ratio		16:09	16:09
	Brightness(cd/m2)		2000nit	2000nit
	Contrast Ratio(Typ.)		4000:1	4000:1
	Viewing Angle(H/V)		178/178	
	Colour		16.7M	
	Response Time(G-to-G)		6ms	
Sound	Loud Speaker		10W, 8Ω	
Battery	Battery technology		Ternary lithium battery	
	Working hours		10 hours（When the temperature is below 0 degrees, therunning time is reduced by 10% for every 5degrees drop）	
	Battery capacity		120AH	150AH
	Input voltage		24V	24V
	Energy consumption		3024WH	3780WH
Mechanical Spec	Protection Glass		Yes	
	Stand Type		Floor -standing	
	Appearance color		Black, white,（Color customizable）	
Environmental	Operating temperature		-20°C ~ 70°C(outdoor)	
	Storage temperature		-30°C ~ 80°C	
	Operating Humidity		10% ~ 98 %	
	Storage Humidity		10% ~ 98%	
OS	Two android boards inside	Processor	T972 (1.9GHz, octa core)	
		RAM	2G	
		Flash	16G EMMC	
		USB	USB2.0 HOST(X2)	
		LAN	10M/100M Ethernet(Network version screen only)	
		External memory	8G/16G/32G/64G	
		Multimedia	Video(MPG,AVI,MP4,RM,RMVB,TS),Audio(MP3,WMA),Image(JPG,GIF,BMP,PNG)	
		Media Resolution	1920*1080(4K resolution available for some size by request.)	
		Wi-Fi	802.11b/g/n Ethernet(Network version screen only)	
		Operating System	Android 9.0	
Certifi cation	Safety		CE ROHS IP55	
Accessories	Included		Remote control,adapter,charger	
	Quality assurance		1 Year（2-3 years optional）	
	Type of packaging		Carton box /honeycomb box + wooden case
